**TRAINING**  
**CENTER**

**AT PORT SAN ANTONIO**

## ABOUT THE FACILITY

IPSecure has designed and designated its new Port San Antonio facility as a training center for technical courses offered to government and private sectors. Committed to supporting the local educational system and workforce pipeline, our efforts are to provide that support to cybersecurity professionals through development.

Opening October 1, 2019, the space allows for:

- Three simultaneous classes
- Modular sound proof walls
- Top of the line electronics and AV
- Capabilities for on-site Base Communications available upon request

\*Additional tables, chairs and audio visual available upon request

**TRAIN.**
