

**See #1 on the map above.** Lane closure on northbound General Hudnell Dr. (February 2020 to late spring 2020) – Due to a construction fence being pushed outward along Gen Hudnell Dr. near Billy Mitchell Blvd., along the erection of barriers in the same area, one northbound lane on General Hudnell Dr., near the intersection of Gen. McMullen Dr., will be temporarily closed.

**See #2 on map above.** Road closure on General Hudnell Dr. (September 2019 - February 2020) – see the highlighted area of the map, where Gen. Hudnell Dr. intersects with Industrial Park Rd. across from the Boeing and StandardAero facilities. Both lanes will be temporarily closed for drainage upgrades. Please avoid the area if possible or follow corresponding detour signs via Tinker Dr. and Industrial Park Rd.

**See #3 on map above.** Lane closures on Billy Mitchell Blvd. (March 2019 to end of February 2020) – West-bound lanes will be closed for several weeks on approach to the intersection to 36th Street. This work is part of a comprehensive drainage project for the main Port campus. Please slow down and follow temporary detour signs.

**See #4 on map above.** Road Improvements on General Hudnell Dr. (July 2019 - March 2020)– Over the course of several months, TxDOT crews will continue performing major upgrades to north- and southbound lanes over a two-mile stretch between U.S. Highway 90 and the west entrance of the Port at Billy Mitchell Blvd. Please slow down and observe temporary lane closures, which can change from day-to-day.

**See #5 on map above.** Partial Lane closures of Quintana Rd. (September 2019 - March 2021) - The City of San Antonio will be widening the road at the intersection with Dunton Rd. (directly outside East Kelly Railport) and add new drainage infrastructure. Please observe partial lane closures and reduced speed signs.
