

**Title:** Entry Level Aircraft Electrical Technician

**Department:** Production

**Reports To:** Production Manager

**Job Type:** Full-Time

### **About the Company**

Knight Aerospace exists at the exciting intersection of aerospace, military, and medical technology. Our mission is to modernize aerospace transportation to be modular, adaptable and customizable in an ever-changing world. We have established ourselves as the industry leader in providing quality and reliable “Quick-Change/Roll-On Roll-Off” modules and pallets to enhance the functionality of various cargo aircraft. These products allow our customers to quickly adapt their aircrafts to fit their current needs. For example, our newest product is a Universal Patient Module that allows for isolated medical transport units to be installed into a cargo aircraft in 45 min. Demand in the market has proven the value of our products and now we are looking to scale up. As we grow, we will continue to root our culture in these core values:

- **Caring:** We put our hearts into all we do and into every relationship. Every employee and customer relationship is essential to the success of our business.
- **Dynamic:** Speed, energy, innovation and creativity allow us to create solutions for an uncertain future.
- **Excellence:** Quality, best practices and procedures enable the best people to make the best products.
- **Dedication:** Passion, loyalty, and willingness to step-up creates a dynamic work environment and united team.
- **Stewardship:** We manage our resources as if they were ours personally to build more thoughtful and sustainable practices.

**Position Summary:** We are seeking candidates for the position of Entry Level Aircraft Electrical Technician. The Entry Level Aircraft Electrical Technician is responsible for following instructions given by the Lead Electrician and assist with wire runs. The goal is to efficiently design electrical components and systems that are safe, innovative, and of high quality. The Entry Level Aircraft Electrical Technician will represent Knight Aerospace (KA) and its values and will ensure that the expectations of the Company’s customers are exceeded by performing the following:
