

LEARN TO FLY HERE

Our Pilot ground schools provide a learning environment of structured growth. **With your fellow classmates learning beside you, encouragement, help, understanding is given and shared. A group setting is beneficial for all to learn at a set pace.**

There will be fun times, stories, experiences, classroom assignments that will shape your time here at Bario Aviation Inc. Ground school is not to be served dry but to be enjoyed. Do not miss out on meeting new faces and making new friends. Do not let the opportunity fly by you.
